SAYREVILLE SCHOOL DISTRICT CODE OF STUDENT CONDUCT

The Sayreville Board of Education has established a Code of Student Conduct with parent, student and community input, that is representative of the composition of the borough's schools and community. It is based on the core ethical values adopted by the Board of Education as part of the district's Character Education Program. They are: caring, trustworthiness, respect, responsibility, fairness, and citizenship. All are designed to attain the district's mission of educating today's learners to become tomorrow's leaders. The Code of Student Conduct will undergo an annual review by the Board of Education and Superintendent of Schools. If necessary, it will be modified on the basis of research and data provided by the administrative team, faculty, parents, and students regarding its effectiveness as it relates to the district's mission statement.

The Code of Student Conduct will be disseminated annually to all school staff, students and parents. Parents and students will annually sign-off that they have read and understand the Code of Student Conduct and the provisions of the Board of Education's Regulation 5131. Both documents will be posted on the district's website at www.sayrevillek12.net for reference purposes. Copies will also be provided to parents who do not have internet access.

The principal of each school will annually review the provisions contained in the Code of Student Conduct with his/her students and staff. Additionally, the Superintendent shall report annually to the New Jersey Department of Education on the implementation of the Code of Student Conduct, including the suspensions and expulsions in accordance with the format prescribed by the Commissioner of Education and the Electronic Violence and Vandalism Report System, pursuant to N.J.A.C. 6A:16:-5.3(e) and delineated in Regulation 5131.

The Code of Student Conduct has been established to achieve the following purposes:

STUDENT RESPONSIBILITIES

Students are expected to demonstrate the following responsible behaviors while in school, on a school bus and at school activities in and out of district:

- A. Caring for all members of a diverse school community which includes but is not limited to students, administrators/supervisors, teachers, advisors/coaches, support staff, volunteers, and PTO representatives. They must also demonstrate tolerance and acceptance of classmates who are the same and different in ability, aptitude, cultural ethnicity, and socio-economic background.

INAPPROPRIATE BEHAVIORS

Students must realize that any display of inappropriate behavior will have consequences that are graded according to severity and consider the developmental ages of the offenders. Student Attendance Requirements

Under the NJ Administrative Code (6:8-4,2), Board of Education shall establish pupil requirements for the minimum number of days in attendance in order to receive a passing grade in a subject. Sayreville Board of Education Policy 515, Promotion and Retention, directs that parents of pupils who have been in attendance fewer than 162 days during the school year be notified of possible retention. All absences, except for religious holidays defined by the State Board of Education shall count as days absent when calculating that total. Absences for purposes of this policy shall include any legitimate absences from school, truancy, cuts, or unexcused lateness to a class of more than half of the class period. All absences count equally in calculating the minimum attendance rate. High school students must pay particular attention to their period attendance to ensure they comply with the required number of days of attendance to receive course credit for quarter, semester and full year courses.

These regulations recognize that the learning experience which takes place in the classroom environment is an essential part of the student's responsibility and to realize that time lost from class in terms of educational opportunity is irretrievable. Parents of students with chronic medical conditions with medical certification may apply annually for an attendance accommodation or 504 Plan which will be reviewed and considered on a case-by-case basis by the school nurse, administration and Director of Special Services.

It is recognized that there are definite unavoidable circumstances, which may prevent a student from attending school. However, all of the work missed should be completed at the initiative of the student within the same number of days absent, but not to exceed 10 school days. If midterm or final exams need to be taken after an illness documented by a doctor's note, no more than two exams will be taken in a single day. Vacations which prevent a student from meeting the 162 days of attendance will result in retention, unless the student receives the required hours of tutoring to meet the 162 day requirement. The tutoring, at the parents' personal expense, must be done by a NJ certified and highly qualified teacher who has been approved by the building principal.

A student who is absent is required to present to the homeroom teacher as written excuse upon returning to school. It must be dated, give the reason for the absence, and must be signed by the parent or guardian. Extended and/or frequent absences may require a doctor's note. Failure to provide the appropriate documentation for a day's absence will result in the child being declared truant for the day and count as 1 day of unexcused absence.

Student Attendance Appeals

Students who exceed the allowable absences are permitted to appeal their loss of grade, courses and/or credits. The appeal must first be made to the building principal for students in grades K-8. High School students must follow the appeals procedure outlined in their student handbook.

School Responses to Absences

- A. For up to four (4) unexcused absences, the school shall:
1. Make a reasonable attempt to notify the student's parents of each absence prior to the start of the next school day.
 2. Conduct an investigation of the cause of each unexcused absence, including contact with

 - f. Cooperate with law enforcement and other authorities and agencies, as appropriate.
- C. For cumulative unexcused absences of 10 or more days, the student is truant, pursuant to N.J.S.A. 18A:38-27, and the school district shall:

1. All receiving schools pursuant to N.J.A.C. 6A:14-7.1(a), shall act in accordance with the regulations above for each student with up to four (4) cumulative unexcused absences.

CODE OF STUDENT CONDUCT (continued)

- a. For each student attending a receiving school with five (5) or more cumulative unexcused absences, the absences shall be reported to the sending district.
- b. The sending district shall proceed in accordance with the Board of Education policies and procedures pursuant to the provisions in 1-3 above, as appropriate.

Intimidation, Harassment and Bullying

In accordance with N.J.S.A. 18A:37-14 and N.J.A.C. 6A:16-1.3, the Board of Education has adopted Policy 5131.1 prohibiting any student from engaging in any act or behavior of harassment, intimidation, or bullying towards other students or staff. Electronic medium shall include, but is not limited to, telephones, cellular phones, cellular-camera phones, text messaging devices, computers, the internet, e-mail, and digital cameras. Harassment, intimidation or bullying means any gesture or written, verbal, electronic or physical act that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory handicap, or by any other distinguishing characteristic that takes place on school grounds, at any school-sponsored function or on a school bus, or off school grounds, in accordance with law, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students, and that::

- A. is motivated by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or,
- B. by any other distinguishing characteristic; and
- C. a reasonable person should know, under the circumstances, will have the effect of harming a student or damaging the student's property, or placing a student in reasonable fear of harm to his person or damage to his property; or
- D. has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school.

Appropriate Behaviors

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment consistent with the Student Responsibilities listed in this Code and the six pillars of the Character Education Program.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents/guardians, staff and community members, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for Board and community property on the part of students, staff and community members.

Procedures for Reporting Acts of Harassment, Intimidation and Bullying

The school principal and/or the principal's designee at each school is responsible for receiving complaints alleging student or staff violations of this policy. All school employees as well as all

CODE OF STUDENT CONDUCT (continued)

other members of the school community, including students, parents, volunteers and visitors, are required to report alleged violations of this policy to the principal, the principal's designee or the District Anti-Bullying Coordinator. While submission of the report form is not required, the reporting party is encouraged to use the report form available from the principal of each building or available at the school district's central office. Oral reports also shall be considered official reports. Reports may be made anonymously, but formal action for violations of the Code of Student conduct may not be based solely on the basis of an anonymous report.

The Board requires the principal and/or the principal's designee to be responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the principal and/or the principal's designee shall conduct a prompt, thorough and complete investigation of each alleged incident.

Appropriate Remedial Actions

The Board requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation or bullying, consistent with the Code of Student Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation or bullying. The following factors, at a minimum, shall be given full consideration by school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation or bullying by students.

Appropriate consequences and remedial actions for student or staff are those that are graded according to the severity of the offenses, consider the developmental ages of the offenders and students' histories of inappropriate behaviors. Appropriate remedial actions are cited in Policy 5131.1 which include but is not limited to behavioral assessments or evaluation and supportive interventions and referral services including those at N.J.A.C. 6A:16-8 for students. Policy 4111.1 describes the consequences for staff that are involved in acts of harassment, intimidation or bullying and are usually handled by the District Anti-Bullying Coordinator.

The Board recognizes that some acts of harassment, intimidation or bullying may be isolated incidents requiring that the school officials respond appropriately to the individuals committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that they require a response either at the classroom, school building or school district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of harassment, intimidation or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A.18A:37-1, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term Suspensions and N.J.A.C. 6A:16-7.5, Expulsions.

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. It is only after meaningful consideration of these factors that an appropriate consequence should be determined, consistent with case law, Federal and State statutes, regulations and policies, and Board policies and procedures.

A current list of community based legal, health, and social service provider agencies which support the student and the student's family is grade specific and available from the building principal, vice principal, guidance office and/or Student Assistance Counselor (SAC).

CODE OF STUDENT CONDUCT (continued)

Prohibition of Reprisal or Retaliation

Both Policy 5131.1 and Policy 4111.1 prohibit reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity and circumstances of the act, in accordance with case law, Federal and State statutes and regulations and district policies and procedures.

Annual Policy Review and Training

The building principal will annually review the training needs of staff and students for the effective implementation of Policy 5131.1 and Policy 4111.1 regarding harassment, intimidation and bullying policies, procedures, programs and initiatives of the Board of Education.

Each building principal will annually discuss the school district's harassment, intimidation or bullying policy with his/her students and staff. The Anti-Bullying District Coordinator will annually review the extent and characteristics of harassment, intimidation and bullying behavior in the school buildings of the school district and implement, at the direction of the Superintendent, locally determined programmatic or other responses, if determined appropriate by the Board of Education.

These programs or other services shall be planned in consultation with parents, students and other community members, including appropriate community-based social and health provider agencies, law enforcement officials, school employees, school volunteers, students and school administrators, as appropriate.

Student Disciplinary Records and Confidentiality

When a student transfers to a public school district from another public school district, all information in the student's record related to disciplinary actions taken against the student by the district and any information the district has obtained pursuant to N.J.S.A. 2A:4A-60, Disclosure of juvenile information; penalties for disclosure, shall be provided to the receiving public school district, in accordance with the provisions of N.J.S.A. 18A:36-19a and N.J.A.C. 6:3-6.5(c)10iv. The record shall be provided within two (2) weeks of the date that the student enrolls in the receiving school district. Written consent of the parent or adult student shall not be required as a condition of the transfer of this information. Written notice of the transfer shall be provided to the parent or the adult student.

When a student transfers to a private school, which includes all sectarian or nonsectarian nonprofit institutional day or residential schools, that provide education for students placed by their parents and that are controlled by other than public authority, all student disciplinary records, with respect to suspension or expulsions, shall be provided by the public school district of residence to the private school upon written request from the private school, in the same manner as such records would be provided by a public school district of residence to a public school district, pursuant to 20 U.S.C. §6301. Title IV(A)IV §4155 of the Elementary and Secondary Education Act as reauthorized under the No Child Left Behind Act.

The Board of Education shall not use a student's past offenses on record to discriminate against that student. All records maintained shall conform with the requirements set forth at 20 U.S.C. §1232g and 34 CFR Part 99, Family Educational Rights and Privacy Act; 20 U.S.C. §1232h and 34 CFR Part 98, Protection of Pupil Rights Amendment, N.J.A.C. 6:3-6, Pupil Records, 45 CFR
